MUSICAL SELECTION

CALL TO CONFESSION

My friends, if anyone is detected in a transgression, we who have received the Spirit should restore such a one in the spirit of gentleness. Take care that we ourselves are not tempted. We are to bear one another's burdens so that we fulfill the law of Christ. For those of us who are nothing think that we are something and we deceive ourselves. It's confession time in this house.

CONFESSION

God of the little slave girl who represented you so well, we have fallen far short of her example. We have wished our enemies a cruel death. We have kept our mouths shut about the Healing Balm that we know. Forgive us our sin. Make us like that little girl and use us in your service. We pray in the name of the Healer. Amen.
